

STERLING
TRUCKS

You'll like the way you sleep.

The options you select for your tractors can have a big impact on cost efficiency, driver satisfaction, resale, comfort and retention. Sterling cabs are a great place to work. Sterling sleepers are a great place to sleep. Isn't that what a great sleeper cab is supposed to be?

Flat Top Plus — economical, but comfortable, with a wedge shape that adds interior space and aerodynamic efficiency to the traditional sleeper box — in 50" or 68" sizes.

72" Mid-Roof — all the benefits of the Flat Top Plus, with more headroom and greater storage space.

68" Aero Bullet Plus — stand-up spaciousness, storage galore, and an integral roof fairing in a well appointed, wedge shaped sleeper box.
