## **A Tough, Stylish Truck with a Living Room**

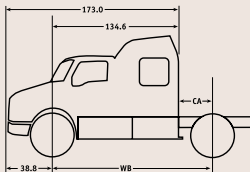

The new Sterling SportChassis™ is more than just another RV, horse, boat or car hauler. It's a truck with a living room.

It's been engineered, tested, weight-certified and fully warranted by Sterling as a heavy-duty pickup truck with a 40,000 lb. GCWR and high-performance diesel engines from Cat, Cummins and Mercedes-Benz from the standard 280 to the optional 350 HP.

The steel cab is designed with a fiberglass tilt hood and a 67" living room behind the driver.

The body features standard battery boxes, additional storage compartments, and prestige options that include: •Alpine audio components •Audiovox color TV and video tape player •a microware •a refrigerator •Bostrom Ultra Leather captains chairs •Philips GPS •and the only in-truck entertainment and computer system on the market (runs with Windows ® 2000), providing e-mail capability and Internet access.

See your nearest Sterling/Acterra truck dealer for complete specifications and warranty information.
